# Agreement for the Installation of (Watchman) Security Floodlighting (Municipal Councils and Shires Only)

Please return this form to one of the Powercor offices on the attached list. For further information contact your nearest office.

Customer Name: \_\_\_\_\_  
(Block Letters)

Postal Address: \_\_\_\_\_

Email Address: \_\_\_\_\_

Supply Address For  
"Watchman" Light/s:

Telephone: \_\_\_\_\_ National Meter Identification Number: \_\_\_\_\_

## Floodlight Sizes Available

Lamp Type	*Typical Range		Installation charge includes GST	Number Requested
	Width (Metres)	Depth (Metres distance from pole)		
125 Watt Mercury Vapour	27	20	\$ 1300	
250 Watt Mercury Vapour	40	28	\$ 1340	
400 Watt Mercury Vapour	45	35	\$ 1390	
150 Watt High Pressure Sodium	40	28	\$ 1400	
250 Watt High Pressure Sodium	48	35	\$ 1450	
400 Watt High Pressure Sodium	60	40	\$ 1460	

\*Typical Ranges shown indicate the maximum distance a Watchman light will allow the detection of shadowed movement. The choice of Watchman light depends on such factors as the size of the area to be lit, the distance of the pole from the area and whether the surface is horizontal or a vertical building façade.

The choice of whether to use Mercury Vapour or Sodium Watchman lights will in most situations will be based on personal preference. In situations where good colour rendition is important, then Mercury Vapour lights may be preferred.

## Installation Costs (excludes any Host Retailer charges for energy costs)

An **Installation charge** will be payable for each light prior to installation. This installation cost applies to each light and excludes ongoing charges applied by the electricity Host Retailer.

In some situations Watchman lighting may not be available and you may be required to make alternative arrangements. In the event that Powercor is unable to provide a Watchman light at the location specified we will advise you.

I hereby apply for provision of Watchman Floodlighting as detailed below. I accept and agree to comply with the conditions as detailed in this Agreement.

## Conditions

- 1 The provision of the floodlighting will be subject to -
  - 1.1 The agreement of Powercor Australia Ltd that the provision of the floodlighting will not unreasonably interfere with neighbouring properties or public roads.
  - 1.2 The availability of suitable existing Powercor Australia Ltd low voltage reticulation poles. The poles must allow standard installation and maintenance of the floodlights without restriction. Powercor Australia Ltd may reject the use of any pole.
  - 1.3 Under no circumstances will a new pole be provided by Powercor Australia Ltd solely for the installation of floodlights even if the Shire/Council was willing to pay for the pole. Watchman lights will not be erected on unserviceable poles.

If the above Conditions are not satisfied, Powercor Australia Ltd will advise the Shire/Council accordingly.

- 2 Subject to Condition 1 Powercor Australia Ltd will provide and erect the floodlights as follows:
  - 2.1 Provision will be of the standard Powercor Australia Ltd Watchman floodlights. No other types of lantern will be used. Powercor Australia Ltd will retain ownership of all lanterns and associated equipment.
  - 2.2 The floodlights will be mounted with a minimum clearance above ground of 4.5 metres, in a position as agreed between the Shire/Council and Powercor Australia Ltd.
  - 2.3 Maintenance of the floodlights, including lamp replacement will be done only during normal working hours as soon as practical after a request is received by Powercor Australia Ltd.
  - 2.4 Operation of the floodlights will be controlled automatically from either existing public lighting control or by a light sensitive control switch mounted on a position as determined by Powercor Australia Ltd. There will be no variation to the normal, all night, hours of operation.
- 3 The Shire/Council will pay an Installation Charge for each floodlight prior to installation as determined by Powercor Australia Ltd in its schedule of Network electricity prices.
- 4 The Installation Charge does not include any costs for operation or maintenance applied by the electricity Host Retailer. The Shire/Council will arrange an agreement with the electricity Host Retailer for these costs.
- 5 The floodlighting may be terminated by either the Shire/Council or Powercor Australia Ltd giving three clear days notice in writing to the other at the address as recorded on the face of this Application, in which case Powercor Australia Ltd may remove the floodlights.
- 6 If the Shire/Council requires a change in the type or size of floodlight, an Installation Charge will apply for each such change.
- 7 The Shire/Council shall indemnify Powercor Australia Ltd against all loss or damage that may be caused to any third party, or to the property of any third party, by the installation, presence, operation, or non-operation of the floodlighting, unless such loss or damage shall be due to wilful misconduct on the part of Powercor Australia Ltd or its officers.
- 8 Powercor Australia Ltd shall not be liable for any loss or damage that may be caused to the Shire/Council or their property which may result from the total or partial failure of the floodlighting, or from the condition of the same, or from any cause whatsoever. The Shire/Council shall not be entitled to any remission of charges, if such failure should occur.
- 9 The Shire/Council shall not make attachments to, nor interfere with the floodlighting nor permit the same and shall reimburse Powercor Australia Ltd for all costs, including overhead charges, which may be incurred by it in restoring such lighting to its original condition.
- 10 Where the floodlight is to be attached to a pole that is designed to collapse when impacted by a vehicle, Powercor Australia Ltd shall not be liable for non-availability of service due to vehicle impact or other agencies.

**Property and Installation Sketch :**

To provide a timely response to your application we need to be able to accurately locate your property and determine your lighting needs.

**Sketch -** Please supply a detailed sketch below or attach a sketch to this form. Refer attached example.

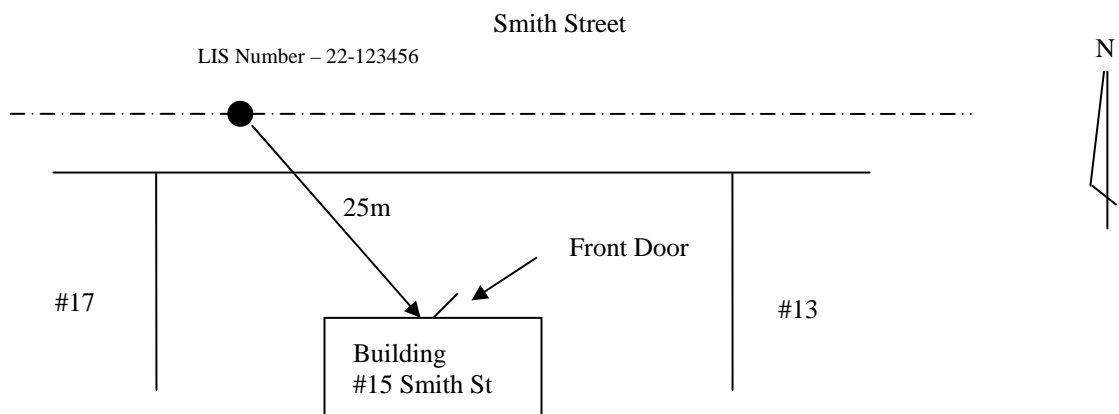

**To avoid delays and requests for more detail please check you have shown -**

- property location
- aiming for light
- buildings existing & new
- north point
- distance to nearest pole
- pole number if known
- road names

**Example of Sketch Details Requested**

The sketch of your request should provide the detail shown in the example below. The correct information will assist Powercor to aim your light correctly.

**Sketch -**

- property location
- aiming for light
- buildings existing & new
- north point
- distance to nearest pole
- pole number if known
- road names

**Pole Numbers**

Every Powercor pole has an individual number. This number is either made of **plastic** - black numbers on a yellow background - or a **strip of aluminium** (8mm x 50mm) with numbers stamped into it. The number is normally attached to the pole approximately 1.6 metres from ground level.

**Note:** On some poles there may be a round and/or square metal tag- the pole number is **NOT** on this tag.

## IMPORTANT NOTICE CONCERNING YOUR PRIVACY

In accordance with the Privacy Act 1998 (Commonwealth), Powercor Australia would like you to know that any personal information that we collect from you will be used only for the purposes of providing you with watchman floodlighting.

We may need to give the personal information that we collect from you to other participants in the electricity industry such as the electricity Host Retailer, the National Electricity Market Management Company (NEMMCO), or other agents or sub-contractors who work for Powercor Australia. We will only give your personal information to other parties in order to provide you with watchman floodlighting.

If you do not provide us with the personal information that we require, we will not be able to provide you with watchman floodlighting.

Of course you are able to obtain access to the information that we hold about you at any time by ringing 13 22 06. We can also send you a copy of our Privacy Policy if you request, or you can obtain a copy on our website at [www.powercor.com.au](http://www.powercor.com.au).
